Marketo Expert Learning Path

The Marketo Expert Learning Path helps prepare you for our Marketo Certified Expert exam by covering advanced email, cross channel nurturing, lead management across marketing and sales, managing creative assets within your instance, advanced reporting, and Marketo-recommended best practices.

You can take the modules in any order you want, but we recommend you work through the modules in this order:

1. Advanced Email Marketing
2. Cross-Channel Marketing
3. Sales Integration
4. Managing Creative Assets
5. Advanced Reporting
6. Lead Management
7. Marketo Best Practices

To get started, just click a module at the top, and start your first course.

Becoming a Marketo Certified Expert is the best way to discover new opportunities for career advancement, and our Specializations help you differentiate yourself in advanced Marketo skills. Demonstrate your expertise and join an elite group of certified marketing professionals from around the world.

[Learn More](#)

Our instructors can help you and your team learn the core concepts of Marketo quickly and with expert guidance. If you're already experienced with Marketo and want to learn more, we can help you become a more powerful marketer. Our experts have created a catalog of courses to help you explore and apply the latest Marketo features and industry best practices.
